1 Week Sports Climbing in Gozo, Malta. Developing new lines.

Climbing on Gozo and Comino was first developed by the English army with a number of climbers creating a small guide book with traditional routes in the 1970's. Since then it has been forgotten as a climbing destination.

In the past few years climbers have been returning and are open a new bolted routes within the inland limestone crags as well as on the stunning sea cliffs. There are now two new guides launched in 2007.

The Malta Tourism Authority and the Gozo Ministry are supporting climbing with a number of initiatives: building an indoor bouldering wall in the local sports complex and funding the purchase of stainless steel bolts to be used to develop new lines.

Over the past two years the Gozo Climbing Association has been gaining access to new climbing areas and opening up path ways with the aim to develop new lines.

All the cliffs are waiting for now are keen climbers to come on holiday and develop these lines.

With this package we invite you to come and assist us in creating climbing routes all around Gozo from short technical lines to long multi pitch sea cliffs routes.

Included in the Package:-

7 Nights B+B
Airport Transfers
7 days Jeep Hire
Free Stainless Steel Bolts
Free Resin
Free Cordless Drill Rental
Free Consultation on project locations
Gozo Adventures Guide Book
Malta Rock Climbing the comprehensive guide

There are six main climbing areas on Gozo all within a 15 minute drive from your accommodation in Xlendi Bay, each offering a unique landscape as well as a diverse climbing experience.

The best climbing season is the milder winter months from October to May when the rest of Europe is forced indoors we go out.

During the summer months, you can develop long multi pitch sea cliff climbs and take advantage of the cool sea breezes and swim in the crystal clear waters.

Munxar valley which leads to Xlendi bay has yet to be developed. So book your holiday today before we run out of bolts!
