Gozo Adventures Water Sports Adventure Week for Schools & Clubs

Gozo Adventures Water Sports Adventure Week has been developed to offer participants a weeks taster into two exciting activities: Scuba Diving and Sea Kayaking.

Participants can learn these activities without the stress of large amounts of classroom time followed by exams but takes on a more direct hands on approach to the activities.

Learning in a controlled environment by this method is far more relaxing and fun for the participants. All our instructors are fully qualified and student to instructor ratio is kept to a maximum of 7:1.

At the end of both courses qualifications will be issued on successful completion of the course requirements. The Diving qualification is validated by PADI the Professional Association of Diving Instructors. The Sea Kayaking qualification is validated

by the Malta Canoe Federation.

The week is based in the little fishing village of Xlendi Bay, Gozo which is ideal as everything is in walking distance. With restaurants, snack bars, internet cafe as well as small shops and a super market.
